Troubador Publishing Ltd. Paperback. Condition: New. 182 pages. Dimensions: 11.7in. x 8.3in. x 0.4in. In a sense, Lighthill is doing Shakespeare the favour of taking him outside the formidable corral of literature and building links with life. . . Teachers looking for a lively way of engaging students in the text will find this book useful, practical and motivational. . . Lighthills book has a justified place on the English Departments shelf: it provides a practical and thematic introduction to the plays and what they make us think about contemporary issues. - Peter Thomas, Principle AQA Examiner. The 30 lesson plans in *Making Shakespeare Relevant* provide a practical introduction for students to think about contemporary issues in parallel with the characters journey and development in *Romeo and Juliet*, *Macbeth* and *A Midsummer Nights Dream*. *Making Shakespeare Relevant* is designed to take the worry out of Will - and make the themes and issues Shakespeare is exploring relevant to the students own lives. Each scheme of work in *Making Shakespeare Relevant* can stand alone and starts with an interactive story telling of one of the three plays (the three stories are included). Each subsequent lesson plan has a clearly stated objective followed by about 50-55 minutes worth of activities (to be honest, more than you need). And as each lesson plan is displayed on a separate page, it can be easily photocopied by the teacher. After each lesson plan Brian has included notes which might be helpful in the delivery of the lesson. He has also provided a list of Power Points needed and finally, on a separate page, a Home ThinkingHome Work exercise which might be given out to the students by the teacher. As a Headteacher, who observed Brians work over three years wrote, Having witnessed Brians lessons I can recommend the work as a...
