## Database Systems: Models, Languages, Design and Application Programming (Sixth Edition)

By Ramez Elmasri, Shamkant B. Navathe

Pearson Education, 2013. Softcover. Book Condition: New. 5th or later edition. 18 x 24 cm. Clear explanations of theory and design, broad coverage of models and real systems, and an up-to-date introduction to modern database technologies result in a leading introduction to database systems. With fresh new problems and a new lab manual, students get more opportunities to practice the fundamentals of design and implementation. More real-world examples serve as engaging, practical illustrations of database concepts. The Fifth Edition maintains its coverage of the most popular database topics, including SQL, security, data mining, and contains a new chapter on web script programming for databases.

### Reviews

*An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It has been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.*

-- **Beverly Hoppe**

*Extremely helpful for all class of individuals. Better than never, though I am quite late in starting reading this one. I realized this publication from my father and dad suggested this ebook to discover.*
