The Vatican II's Dogmatic Constitution on Divine Revelation is universally acclaimed as one of the council's most important documents. Published in 1965 after a long and circuitous route throughout all four years of the council, *Dei Verbum* sets forth the Catholic Church's official teaching about divine revelation and the complex interrelationship between Scripture and Tradition. With the approach of the fiftieth anniversary of the constitution, this book-intended for general audiences-summarizes the history and principal teaching of this groundbreaking document. Accompanying the text of *The Word of God at Vatican II* is a paragraph-by-paragraph commentary and an exploration of the impact the constitution has had in the church's life. Readers will be amazed at how influential *Dei Verbum* continues to be, even today.
