*This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

## THE ANTHROPOSOPHICAL APPROACH TO MEDICINE: V. 1 (HARDBACK)

Anthroposophic Press Inc, United States, 2016. Hardback. Condition: New. Revised ed.. Language: English . Brand New Book. Today s medicine is strongly influenced by natural science, which focuses entirely on the material nature of reality. Molecular biology has become the foundation of modern medicine with the result that today s medical industry chases after technology to solve all its problems. In the process it is losing its own essence as it moves into fields increasingly alien to human nature as a whole. Nevertheless, many doctors are beginning to reexamine this exclusive worldview in favor of a more wholistic approach to healing. To this end, anthroposophical medicine encompasses a wide range of healing modalities, including orthodox, allopathic medicine. The Anthroposophical Approach to Medicine explores the body s relationship to soul and spirit on the basis of Rudolf Steiner s insights into the activities of the spiritual world. Edited by doctors Friedrich Husemann and Otto Wolff, this book invites us to an in-depth view of a true alternative to materialistically oriented medicine. Chapters include essays on childhood development and diseases; the disorders of old age; neuroses and psychological imbalances; pharmacology; healing plants; biochemistry and pathology; blood-work; and special diagnostic techniques. This first of a multi-volume series is an invaluable tool to all who want to extend the practice of medicine to include the whole human being.
