This accessible text provides teachers, parents and professionals working with young people with a comprehensive range of resources to effectively support this process, and also: * promotes the development of resilient children and young people who can cope effectively with the process of change * encourage pupil participation and ensure that well-being is further fostered and maintained both for young people and staff within the learning context * includes specific strategies, techniques and ideas regarding the transition process including systems and individualised approaches * helps young people to visualise success, manage strong and complex emotions, cope with stress and anxiety, problem solve difficult situations, recognise their own signature strengths and build upon these through a series of activities and problem based learning opportunities. The programme itself also makes use of solution-focused approaches, motivational interviewing techniques, cognitive behaviour therapy strategies and a range of ideas and techniques taken from positive psychology and resilience theory.
