Caught unprepared on a treacherous pass, poor visibility and icy conditions lead to a crash. She lay immobile in her vehicle, stranded in a ditch in the most remote leg of her journey. A faceless hero comes to her rescue and Noel has no choice but to wait out the blizzard in her rescuer's unique cabin nestled in the woods. Everything about Grayson James peaks her curiosity-his valor, air of mystery and most of all, undeniable attractiveness. For three days and nights, passions are unleashed and unexpected emotions are brought to life. When the storm breaks, Grayson vanishes into thin air, but not before revealing startling news that leaves her questioning her sanity. Fast forward years later and Noel is in the southernmost part of the United States. She'd come seeking solace after her husband's tragic death, but what finds her in Key West is more than she ever anticipated. In the sultry summer, her unbridled winter's ecstasy resurrects. And so does the Vampire.
